Dive into Mozambique's vibrant reefs and swim alongside megafauna.

GOAKUHN invites you to **7 unforgettable days in Mozambique's vibrant waters**, based in the laid-back beach town of Tofo.

With a **small group of 8 to 10 divers**, this expedition blends **world-class diving, marine safaris with humpback whale encounters, and the charm of community-based travel** in partnership with local operators.

Dive & Discover Mozambique

Glide alongside majestic humpback whales on marine safaris, witness colorful reefs teeming with tropical fish, and explore the rich underwater world of Tofo—home to manta rays, whale sharks, and playful dolphins.

After days spent in the ocean, unwind on pristine beaches and savor the slow rhythm of coastal life.

For those seeking even more adventure, extend your journey with a land safari to Gorongosa National Park, where wildlife roams free and the African wilderness comes to life.

WHERE ARE WE GOING?

TOFO is Mozambique's diving jewel, known for its incredible megafauna and rich marine biodiversity. Here, you can expect encounters with gentle giants like manta rays, whale sharks, and — season permitting — majestic humpback whales breaching on the horizon. Colorful reefs host turtles, schools of tropical fish, and the occasional curious dolphin, while the warm Indian Ocean currents make every dive a delight.

Our trusted local partners will ensure a relaxed and comfortable stay, so your only concern is whether your next adventure will be underwater or on a marine safari. In Tofo, "Dive, Eat, Sleep, Repeat" takes on a whole new meaning — enhanced by the charm of beachfront sunsets and the fresh flavors of Mozambican cuisine (yes, the peri-peri prawns are as good as you've heard).

GORONGOSA NATIONAL PARK is Mozambique's crown jewel of wildlife conservation — a living testament to nature's resilience. Once devastated, it now thrives again with elephants roaming the floodplains, antelope herds grazing under acacia trees, and predators like lions, wild dogs, and leopards reclaiming their territory. Bird enthusiasts will be in paradise, with over 400 species filling the skies and wetlands.

Our local safari partners will take you deep into the park's heart, where each game drive is a chance for a new discovery. Expect golden savannahs, lush forests, and the thrill of seeing wildlife in its natural element. After days in the wild, unwind at a comfortable lodge and share stories under a star-filled African sky. In Gorongosa, "Explore, Eat, Sleep, Repeat" feels just as natural as it does in the ocean.

ACCOMMODATION

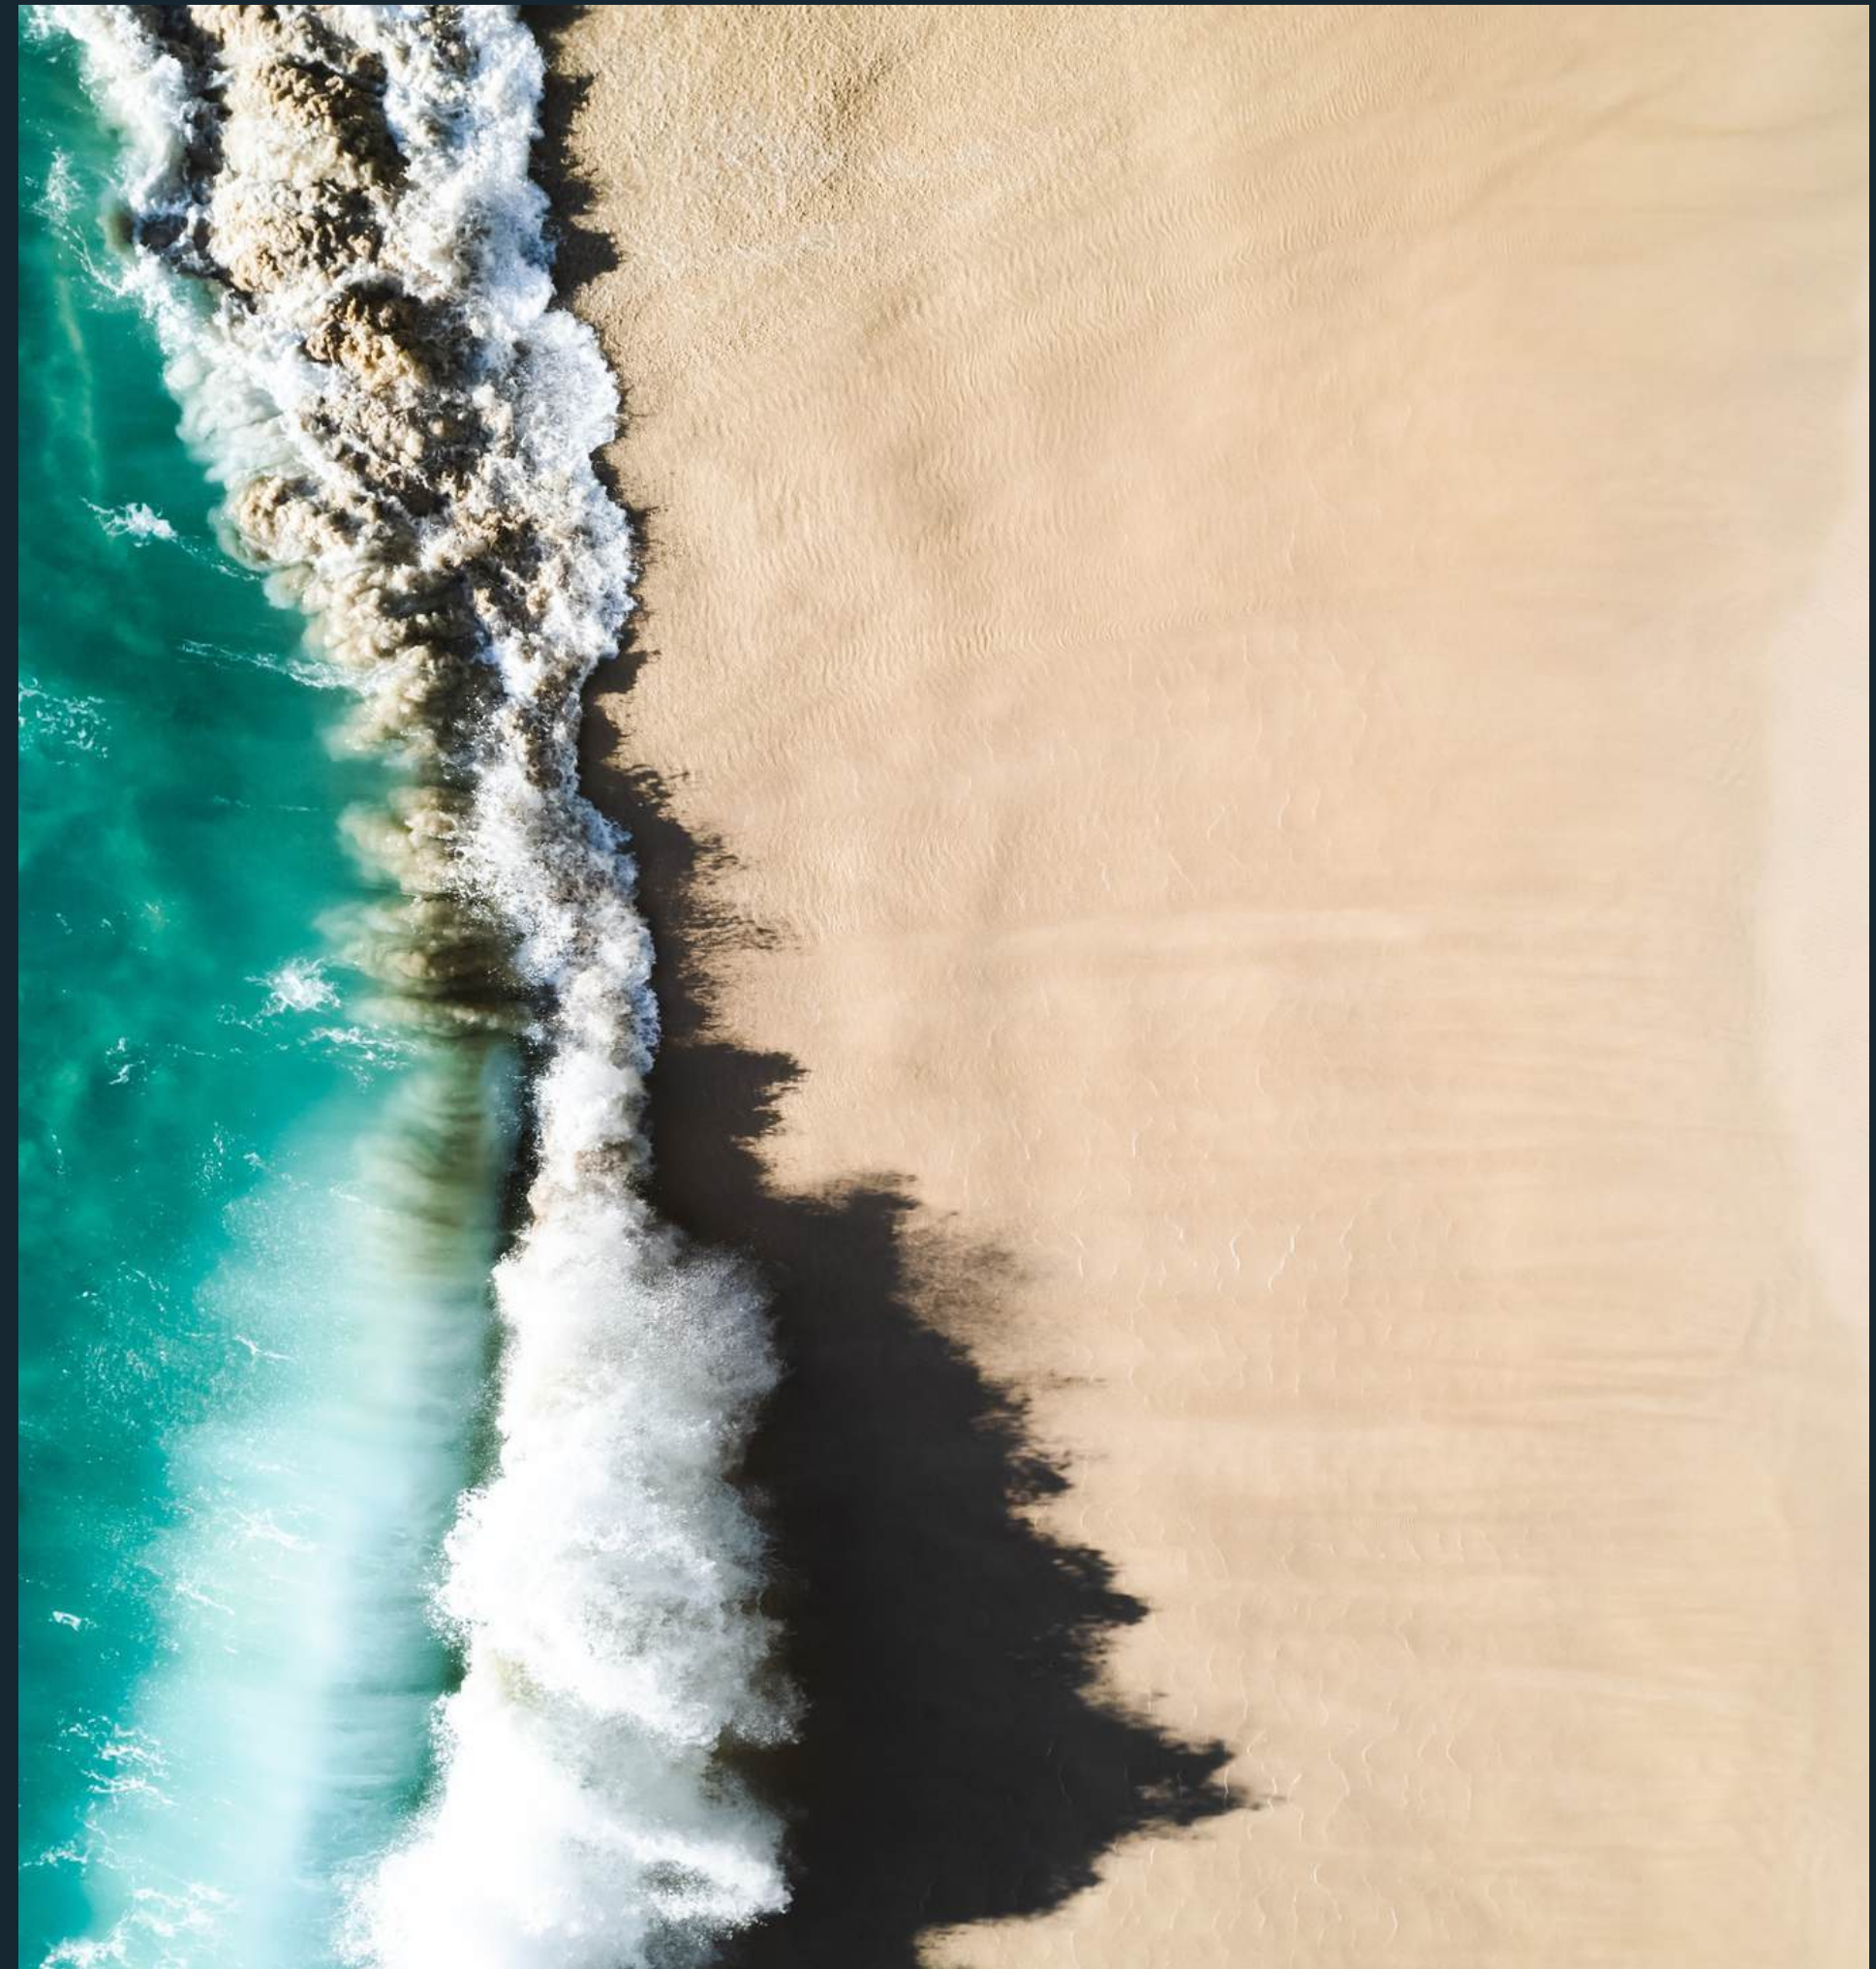

For our Mozambique expedition, we're partnering with small businesses to create an immersive and authentic experience while directly supporting the community.

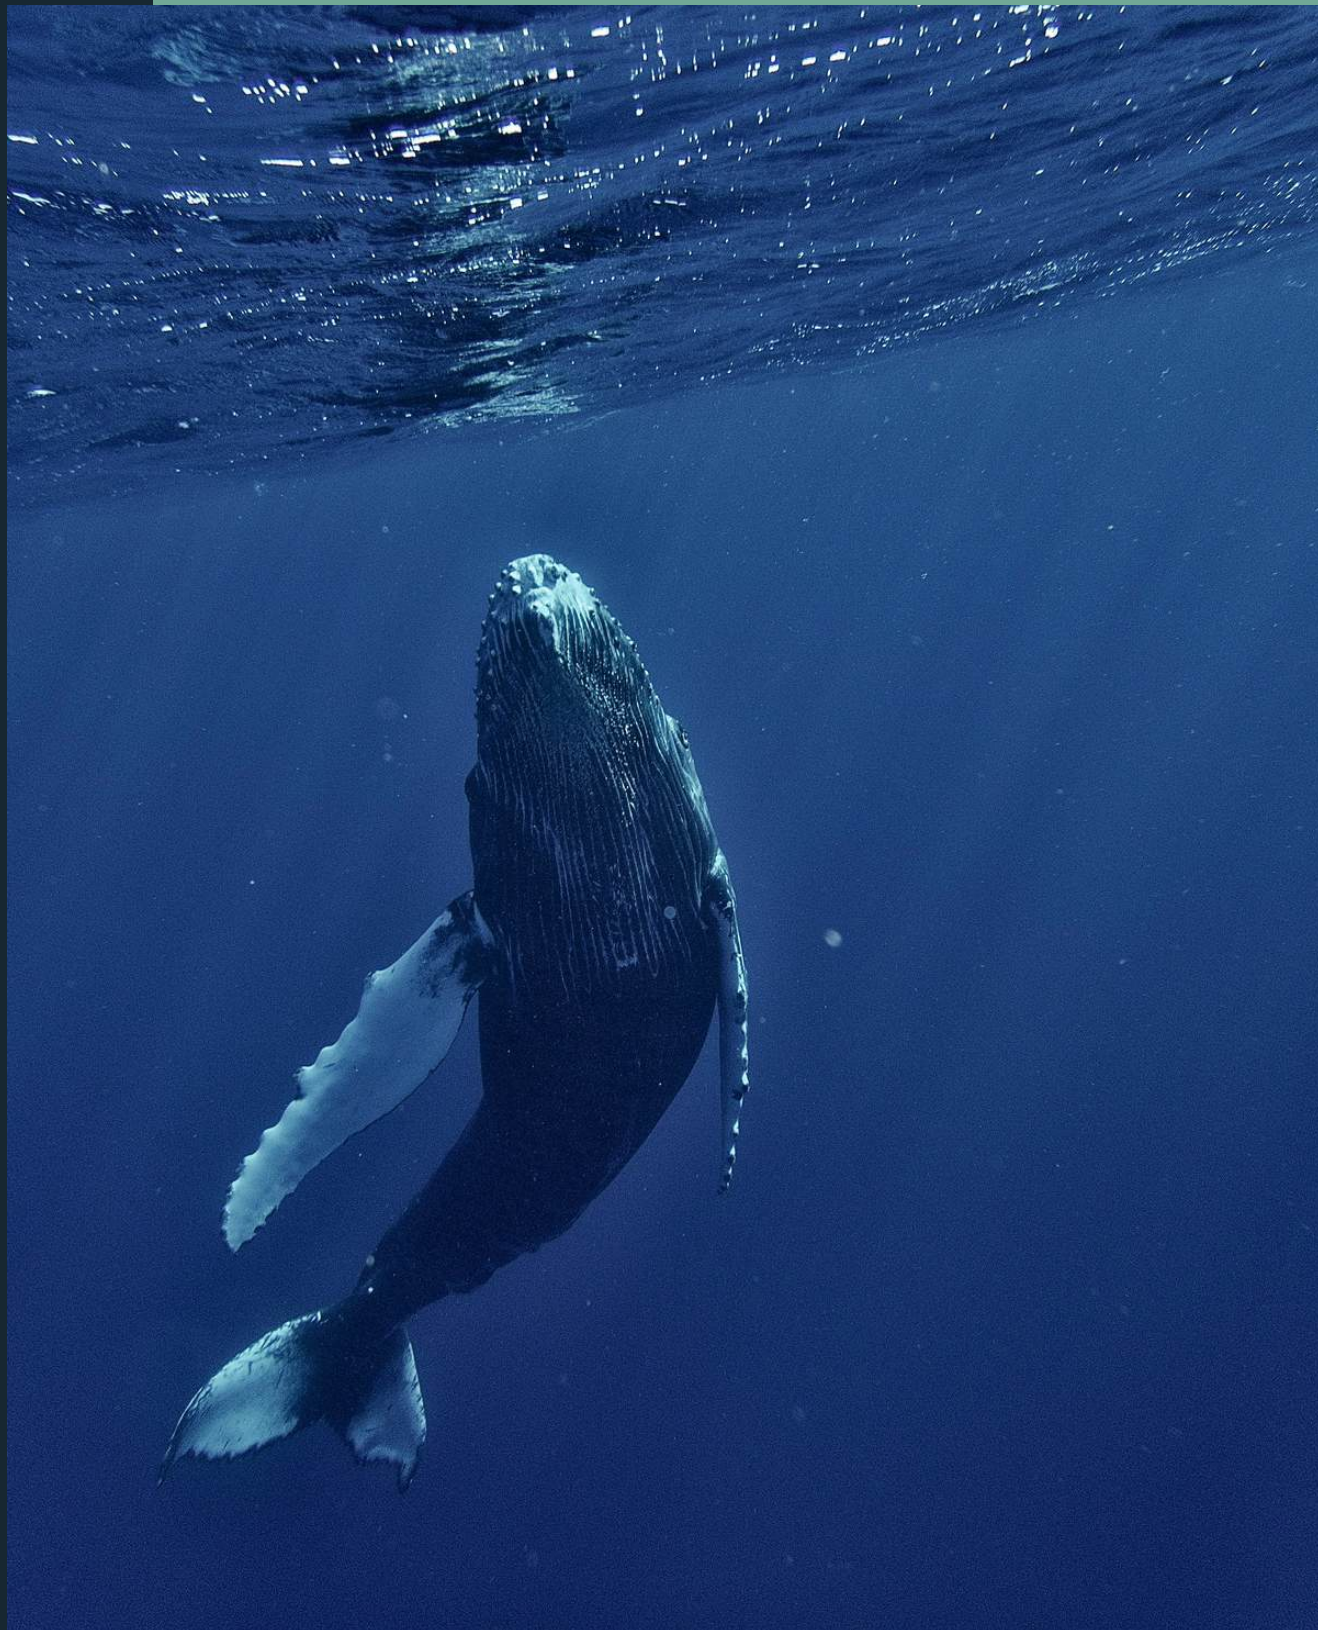

In Tofo, we'll be staying at **Tilak Lodge**, a cozy beachfront retreat just steps away from the ocean. Comfortable rooms, laid-back charm, and warm hospitality will be our home base between adventures.

Our **diving will be with Scuba Tofo**, a passionate and highly experienced local team who know exactly where to find Tofo's marine treasures — whether it's **swimming alongside majestic humpback whales, gliding with manta rays, or spotting whale sharks in the blue.**

To complement the ocean magic, we'll venture inland with **Terra Água Céu Diving & Safari Adventures** for an unforgettable journey into **Gorongosa National Park**. This locally owned safari operator will guide us through the park's vibrant landscapes, from golden floodplains to lush forests, in search of elephants, lions, antelopes, wild dogs, and hundreds of bird species.

By choosing these partners, we aim to give you a true taste of Mozambique — both above and below the surface — while ensuring our impact directly benefits the people who call this place home.
